

## Suitable cleaning products

Use mild bathroom cleaning products and neutral detergents for routine cleaning of the SolidSoft shower tray. Occasionally use a soft brush to remove dirt. Avoid prolonged exposure to cleaning agents and rinse immediately after use, at least twice, with plenty of water.

Read the label carefully before using a cleaning agent.

### Degreasing-stain remover cleaners (< 5% non-ionic surfactants <5% polycarboxylates)

Ingrained dirt and grease. Apply locally for several hours to remove stubborn stains. Rub and always rinse with plenty of water afterwards.

**ATTENTION** Application of textile stain removers (Vanish oxi-Action) for a **maximum of 1 hour**. Then rinse thoroughly with water.

Application of pet stain removers (Vanish Pet Expert) for a **maximum of 2 hours**. Then rinse thoroughly with water.

### Grout Haze & Limescale Remover (LTP)

To remove stubborn dirt; end-of-work cleaning; lime deposits and oxide stains  
Rub and always rinse with plenty of water afterwards.

White vinegar is suitable for regular maintenance in hard water areas.

### Chlorinated cleaners/Bleach

Chlorinated detergents/bleaches are not suitable (e.g. Cillit Bang Black Mould Remover).

**DO NOT USE BLEACH; ITS USE CAUSES COLOUR CHANGES**  
**DO NOT USE DESCALERS (DILUTED HYDROCHLORIC ACID)**

Avoid using hair dyes, shampoos or strongly pigmented substances. In case of contact, rinse immediately with plenty of water.

**AVOID CONTACT WITH STRONGLY COLOURED OBJECTS**
